*"(this step is only needed for split sets who want synced movements)"*

| WiFi Adapter 1 | Master Control Box 1 | Master Control Box 2 | WiFi Adapter 2 |

## PAIR WIFI ADAPTER WITH "CARILOHA COMFORT BASE" FOR REMOTE APP CONTROL

**1** **Register on the Cariloha Comfort Base App.** (2 registrations/logins will be required for split sets who want their beds to operate independantly).

**2** **Next press the Foot-up and Foot-down buttons for 5 seconds on the remote.** The blue LED light on the WiFi adapter will flash and beep every 3 seconds.

**3** **Open the WiFi settings interface on your phone.** Select the WiFi with the name "KS-xxxxxxxx".
Go to the Wi-Fi settings page of your phone and connect to "KeesonAp-XXXXXXXXXX". Then return to Cariloha Comfort Base APP for operation.

**4** **Open the Cariloha Comfort Base App.** Select the menu button. Select "All the Beds" option. Then select "Connect New Beds".

**5** **Select the Home WiFi name that the WiFi adapter will connect to.** Input the WiFi password, then select "Done". Once the WiFi adapter makes the "Beep-beep" sound, the connection is complete. (If incorrect password is entered you will need to restart from step 2)
**6** **Return to the "New Bed" screen in the App and wait for the ID to be displayed, this may take up to 2 minutes.** Click the ID number then select "Ok" to complete the connection. Make sure your phone is using the same WiFi as the adapter.
Note: If you see a "Bind Failure" Warning, just click the ID number again.
